SIMPLY EASY AND SIMPLY FLEXIBLE

“HPE GreenLake gives us exactly that extra flexibility we need for our managed services.”

– **DANIEL STADELMANN**, SENIOR SYSTEM ENGINEER AT BITHAWK

BitHawk

Simplifying work and life for companies and their employees with digital technologies is what BitHawk has set out to do in its vision. And the Surseer IT provider does exactly that. With a new cloud-native infrastructure and flexible IT payment model through HPE GreenLake edge-to-cloud platform. The best bit is: BitHawk is profiting. From more flexibility, more time and new customers.
