

**Product Overview:**

Built for use with the LA-480 ListenTALK Docking Station 16, LA-381 Intelligent 12-Unit Charging Tray, our LA-382 Intelligent Cable Management Unit provides you with a streamlined and organized way to dispense, collect, and store ListenTALK transceiver headsets, iDSP headsets, ear speakers and integrated neck loop/lanyards.

The cable management base can be connected to your Listen Technologies charging tray or mounted to a flat table top for a fixed installation, and the arm can be connected facing inward or outward depending on the needs of your venue.

**Highlights:**

- Cable management system mounts to your Listen Technologies charging tray or a desk for permanent installations
- Organizes and simplifies the storage and dispensing of ListenTALK and iDSP headsets, ear speakers and integrated neck loop/lanyards
- Flexible mounting provides tangle-free cable management to meet your needs
