

Delock 19" Keystone Patch Panel 24 port with strain relief 1U angled black

Description

This patch panel by Delock can be mounted in a 19" cabinet. With its standardized dimensions, it is suitable for easy snap-in mounting of 24 Keystone modules.

Angled design

The patch cables can be easily connected from both sides and provide improved cable management. In addition, the angled panel is a space-saving alternative to standard panels and prevents cable bends.

Strain relief for optimal cable management

On the back of the patch panel, the cables can be fixed with cable ties to enable clear and orderly cable routing.

With dust cover and labelling field

The individual ports in the front panel have a dust cover to protect them from dirt when not in use. In addition, the patch panel has a small labelling field per port, which can be individually labeled or provided with various symbols.

Item no. 66976

EAN: 4043619669769

Country of origin: China

Package: Box

Technical details

- For mounting in 19" network cabinet, 1U
- 24 Keystone ports 16.2 x 14.6 mm
- With labelling field and dust protection cover
- Material: metal
- Colour: black RAL9005
- Dimensions (LxWxH): ca. 483 x 240 x 44 mm

Package content

- 19" patch panel

- Ground wire
- Screw
- 25 x cable tie
