

VB-EBM-002

Key Features

Product Description

The e-Box® II Mobile Stand is a motorized mobile stand for interactive and non-interactive displays. It has a double-column design that guarantees stability for interactive display up to 98" diagonal with a 309 lbs (140 kg) total weight capacity. The wired remote control unit can be placed at a convenient location, allowing the user to adjust the height of the screen safely and quietly. The motorized stand has a dual anti-collision safety feature to prevent accidental pinching. The 25.6" travel will guarantee full screen access for all users, which makes the interactive display mounting solution ideal for small, tall or wheelchair users.

Specifications
