

# ThinkPad L13 Gen 4 (Intel)

Weighing 1.26 kg, this lightweight device powered by up to 13th Gen Intel U Series Core i7 processor lets business professionals work on web-based applications and software faster. It has a 46Wh battery, that enables mobile workers to work from anywhere without hassle. Security features such as a privacy shutter protect user privacy, while a discreet TPM 2.0 chipset and Kensington nano security keep data safe and secure.

Configured with up to 1TB SSD storage and up to 32GB LPDDR5 memory, the device's operating system boots up faster, thus helping business professionals with faster retrieval of project files and memory-intensive spreadsheets.

Dolby Audio Premium 2W dual stereo speakers and dual-array microphones deliver high-quality audio and enhance the sound experience helping mobile professionals to have hassle-free calls on the go.

Minimal preloaded applications mean maximum battery life and responsiveness for users, and faster deployment for IT admins.

## Lenovo devices that are a class apart

The mid-range ThinkPad L Series offers enterprise docking, enhanced security features and optional remote management capabilities.

## Lenovo services

Lenovo offers a comprehensive portfolio of end-to-end services to support and protect your investment - so you can focus on learning, not IT.
