Have you already tried true wireless earphones? There is a chance you won't look back with these Canyon earbuds. 13mm speakers will bring joy to your ears, offering a balanced sound profile. Four microphones work together to provide active noise suppression. Whether you are on a call or just in a noisy environment – this technology helps you to hear and be heard. These earphones boast an impressive battery life, offering up to 7.5 hours of playback on a single charge. When combined with the charging case, you can enjoy up to 32 hours of use. The case can be fully charged in just one hour using any Type-C cable. We use the latest Bluetooth protocol, which is dependable and energy-efficient. It will maintain a stable connection with your phone or other devices. Plus, the low latency of 50 ms makes these earphones quite good for gaming. Lightweight and ergonomic, they are almost imperceptible to the ear. We added earcaps in three sizes to make the fit ideal for you.
