

# Mobile Security Box

The perfect partner for:

- Construction sites
- City events
- Solar fields
- Festivals & off grid security needs in general

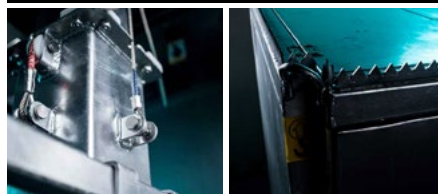

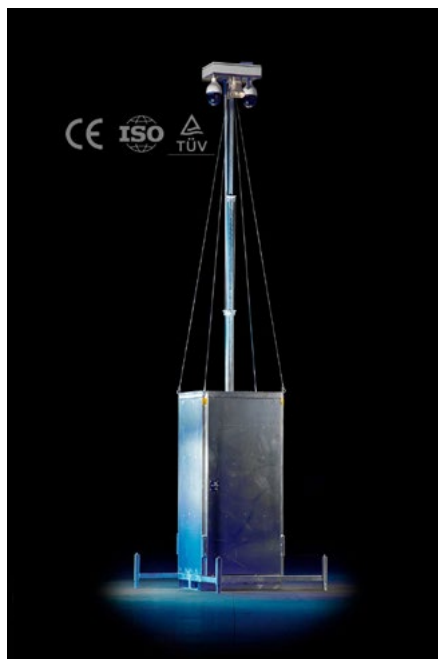

## COMPACT-MSB

Faster to deploy and more compact! Compared to its larger brothers, Pro-MSB and Enterprise-MSB, Compact-MSB is significantly smaller without having to sacrifice much functionality. However, the smaller size of this mobile security cabinet still offers a lot of advantages.

- Lower pricing
- Faster deployment
- Suitable for locations where space is limited
- Patchbox / IP66 box installed

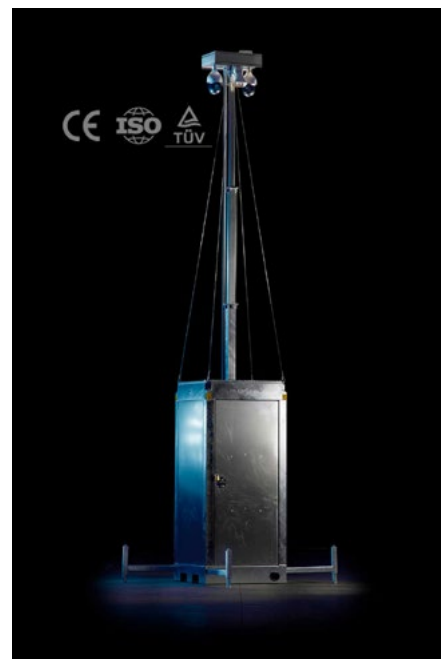

## PRO-MSB

Our specially designed Mobile Security Tower PRO-MSB is a rapid deployment solution which is extendable to 6 metres and is suitable for remote surveillance and lighting. Compared with Compact-MSB, Pro-MSB comes with closeable roof doors and has anti-climb protection.

- Anti-climb protection
- Closeable roof doors
- CE and ISO 9001 certified
- TÜV approved

## ENTERPRISE-MSB

The Mobile Security Box Enterprise-MSB is extendable to 6 metres and is suitable for remote surveillance and lighting. It's easy to transport to any location that needs to be monitored by remote CCTV.

- Heavy duty security mast
- Easy to transport
- CE and ISO 9001 certified
- TÜV approved

## TRAILER 3

The Trailer 3 Minitrailer is developed for use with the Compact-MSB. The trailer can be used to transport mobile security cabinets to and from sites. When the Compact-MSB remains on the Minitrailer, it becomes the Roadbox-MSB.

- Suitable for placing the Compact-MSB
- Faster deployment
- Suitable for locations where space is limited
- Solidly welded and hot-dip galvanized chassis

## TRAILER 1

With this specially designed Mobile Security Box Trailer you can transport any of the Mobile Security Boxes to the location of the monitoring project. Bring remote surveillance to where it has to be done!

- No truck / crane needed for loading and unloading
- Load can be maneuvered on rough terrain
- Good handling due to low centre of gravity of the load
- Easy loading and unloading in narrow streets and alleys in eg. inner cities
- No special driving license needed
