## by Logon 4U 19" SNAP LOCKING, VENTED BLANK PANEL BLACK

Blanking Panels with a vented design enables unobstructed airflow through your rack, to help ensure your equipment is running at an optimal temperature.

Without blanking panels, the hot exhaust air from the rear of the servers will recirculate through empty spaces in the server rack into the air intakes on the front of the servers which will significantly reduce the cooling efficiency of the system.

Blanking panels are the easiest and first step towards achieving your Power Usage Effectiveness (PUE) goals. Along with the increase in airflow efficiency, the blanking panels give your rack a seamless and professional appearance.

- RAL9005
- Snap locking
- Ventilation slots

### Specifications

<b>Features</b>	<b>Compatible rack width</b>	19 "
	<b>Easy mounting</b>	Yes
	<b>Housing material</b>	Steel
	<b>Number of attachment points</b>	2
	<b>Perforated</b>	Yes
	<b>Preassembled</b>	Yes
	<b>Product colour</b>	Black
	<b>Rack capacity</b>	4U
	<b>RoHS compliance</b>	Yes
	<b>Type</b>	Blanking Panel - Snap type
<b>Other features</b>	<b>Dimensions (WxDxH)</b>	482x15x176 mm
	<b>Rack mounting</b>	Yes
<b>Vendor information</b>	<b>Brand Name</b>	Lanview
	<b>Warranty</b>	5 Year(s)
