

SNEAKER X

When one thinks about high-end desktop PC, what comes to mind are glass panels, right angle aluminum frame cases and tons of RGBs. To redesign this stereotype Cooler Master's Advance System team presents a luxurious lifestyle take, with first of the line-up introducing the **Sneaker X**.

Design from the ground up by JMDF, which was first exhibited at the "Case Mod World Series 2020". Aesthetically the design are taken from iconic sneaker, perfect for those sneaker head's to have an additional collection that can function as their PC.

FEATURES

UNIQUE DESIGN

Sneaker X is aiming at providing cool unique alternatives to the traditional PC systems which have not really changed dramatically in the past few years. **Sneaker X** is definitely going to stand out and could be the ultimate trophy for Sneaker heads and other sports and lifestyle enthusiasts.

STYLISH AND POWERFUL

Despite its unusual form, **Sneaker X** is designed to accommodate standard components, such as ITX form factor motherboards, SFX PUs, and 3-slots GPUs. It has been engineered to support a unique water-cooling system to keep the system's temps as chill as its unique design.

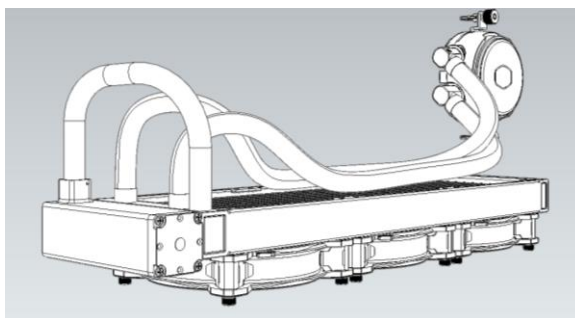

THE GOAT

Sneaker X comes equipped with up to a GeForce RTX™ 4080 graphics card to deliver the ultra-performance that gamers crave. The Nvidia GeForce RTX™ 4080 is NVIDIA's 3rd gen RTX architecture. They are built with enhanced RT Cores and Tensor Cores, new streaming multiprocessors and superfast G6X memory for an amazing gaming experience.

Whether you are team blue or team red, we've got what you need with the latest generations of Intel and AMD CPUs optimized for maximum gaming performance. With up to an Intel Core i9-14900K or an AMD Ryzen 9 7950X, don't be afraid to run your games at max settings and push content creation to new heights.

SPECIFICATIONS

Product Name	Sneaker X
Product Number	ABK-SXNN-S38L3-R1
Color	Classic Red
Motherboard Support	Mini ITX
Graphic Card Support	300 x 137 x 61 mm 11.81 x 5.39 x 2.40 inch
Power Supply Unit (pre-installed)	Cooler Master SFX 850W Gold
Radiator (pre-installed)	Cooler Master Flux 360 Special Edition
Fan (pre-installed)	Cooler Master MF120 Halo
Drive Bays	1 x 2.5" SSD
Accessories	400 MM PCIe-E 4.0 x 16 Riser Cable PWM Fan & ARGB Controller
Dimensions (L x W x H)	650 x 306 x 651 mm 25.59 x 12.04 x 25.63 inch

Cooler Master Flux 360 Special Edition
