SureColor P5300

The flexible SC-P5300 offers high-quality output for professional photographers, fine-art users, design agencies and photo retail stores.

The SC-P5300 features the deepest blacks, enhanced usability and functionality, and a contemporary design. It also offers production flexibility as a wide selection of media surfaces and formats are supported. Professional users will benefit from an optimised colour gamut, Black Enhanced Overcoat (BEO) and Carbon Black Mode for high-quality output. Includes Wi-Fi functionality.

Productivity
The SC-P5300 can easily handle high print volumes. It achieves the same image quality of its predecessor, the SC-P5000, and features a 10-channel Micro Piezo printhead with a dedicated PK/MK channel. It also supports a wide selection of media and includes a built-in roll unit and paper cassette.

Output quality
The SC-P5300 prints up to A2 and offers deeper blacks, enhanced contrast and tonality, and bronzing reduction in dark areas on glossy media. All of this, thanks to these Epson technologies: UltraChrome Pro10 Ink, Black Enhance Overcoat (BEO) for higher black density, wider blue colour gamut with violet ink and Carbon Black Mode for even darker blacks.

Usability
This Wi-Fi enabled pro photo printer offers a wealth of easy-to-use features that are both time saving and practical. The highly-intuitive functions range from a 4.3-inch colour LCD touchscreen, to Epson Cloud Solution PORT(ECSP) for efficient production planning, print job management and structured support for your printer fleet.

Flexibility
Epson has created this flexible tabletop printer for photo retail stores, photographers, artists and designers. The SC-P5300 fits seamlessly into existing production printer fleets. By combining established features from other printers in the pro-photo range (SC-P700, SC-P900, SC-P5000, SC-P7500, SC-P9500).

KEY FEATURES

- **Enhanced output quality**
  UltraChrome Pro10 Ink, PK/MK channel, BEO and Carbon Black Mode
- **Easy-to-use functions**
  Wi-Fi, 4.3-inch colour touchscreen, Epson Cloud Solution PORT(ECSP)
- **Usage flexibility**
  For photographers, artists, designers and photo retail stores
- **Designed for pro photo production**
  High print volumes - media flexibility
- **Feature rich as standard**
  Integrated roll unit, automatic cutting system, production cassette
- **Legal Statement**
  Complies with The UK Product Security and Telecommunications Infrastructure (Product Security) requirements. Epson will provide security updates for 7 years from purchase
