

arlo | Essential Indoor Camera

Complete home protection.
One plug and protect 2K security camera.

2K Resolution

Real-time Talk

Motion Detection

Loud Siren

Field of View

Realistic Video

2K resolution gives you realistic video so you can see what's happening around your home.

Easy to Install

Unbox and go with new bluetooth installation. Simply plug the camera in and follow the easy instructions to protect your property 24/7.

Real-time Talk

Built in speaker & microphone lets you speak to family and pets or warn off intruders as if you were there yourself.

Smart Home Integration

All Arlo cameras are compatible with most voice assistants including Alexa and Google Home for quick, hands-free control of your surveillance system.

Arlo Secure Subscription*

Arlo Secure Plans give you access to cloud storage so you can look back at your video history for up to 60 days via the app.

Automatic Privacy Lens Cover

Disarm your camera and the automatic privacy shield will fully cover the lens, giving you complete privacy. Open again in seconds when you Arm your camera from the app.

Person & Pet Detection

Only see what you want to see with Advanced AI Detection. With person, pet, package and vehicle detection, you can filter out or prioritise your alerts to what's most important.

Loud Siren

Scare off intruders with the built-in 80 db smart siren that can be heard up to 30 metres away. Have it automatically go off if motion is detected or trigger from the app to quickly raise the alarm..

What is in the box for the 2 camera kit:

- (2) Arlo Essential Indoor Camera
- (2) Power Adapter
- (2) Wall Mount and Screw Kit
- (1) Quick Start Guide
- (1) Security Decal

Who is Arlo Essential Indoor right for?

- The customer new to home security or new to arlo
- The customer who wants to:
 1. Protect their home from Intruders
 2. Detect home emergencies
 3. Keep an eye on Pets and Family while away

How to install and connect

- Connects and controlled via your smartphone
- Connects direct to Wifi (a 2.4Ghz network) through the Arlo app
- Install yourself just plug into a power socket

TOP TIP

Use the mounting plate to attach the camera to the wall so it can watch over the whole room.

arlo | Secure

An extra layer of protection for your home, cameras and videos.

- AI Detection
- React Fast

How does the privacy shield work

- When the camera is set to disarm mode the privacy shield will close over the lens, and both video and audio will be disabled.
- When it is set to arm-mode the cover automatically opens and the camera begins to monitor.

TOP TIP

You can use your phones geo-location to arm and disarm the camera so the cover closes when you come home, and automatically opens when you leave.

Why is the Arlo Essential Indoor the best indoor camera?

- Recommended by Verisure - Europe's No.1 Security Alarm Providers.
- An indoor camera that puts you in control of your privacy for total peace of mind.
- All of Arlos most popular outdoor security camera features – now inside.

Help your customer build their home security system

Arlo Essential Outdoor Camera is the perfect entry level security camera. For customers looking for more advanced protection the Arlo Pro 5 and Arlo Ultra 2 may be a better fit.
