2.1 High Performance Under-monitor Soundbar with Subwoofer for TV, Computers, and PS4. Creative Stage V2 features a high performance, under-monitor soundbar for your computer and TV. The accompanying subwoofer provides the perfect enhancement for rich, thumping bass that reverberates throughout the room. With a myriad of connectivity options, this is the perfect audio entertainment system for use whether at a desktop computer setup or in the living room.

Enjoy immersive, room-filling audio with amazing bass on the Creative Stage V2!

POWERED BY SOUND BLASTER | Experience improved vocal intelligibility and wider surround experience with Clear Dialog and Surround, audio processing technologies powered by Sound Blaster's expertise, to give you a cinema-like experience at the comfort of your own home

HIGH-PERFORMANCE 2.1 SPEAKER | Housing two custom-tuned mid-range drivers and accompanied by a powerful long-throw tower-sized subwoofer, the Creative Stage V2 is capable of filling your room with captivating immersive audio and deep thumping bass

ALL-IN-ONE AUDIO ENTERTAINMENT SYSTEM | Armed with all the possible connectivity options you can think of—TV ARC, optical, AUX, Bluetooth, and even USB audio, the Creative Stage V2 is the one-stop audio entertainment system for all your devices from TVs and computers to mobile phones and gaming consoles

CONVENIENT CONTROLS VIA REMOTE | The Creative Stage V2 comes with a remote control which not only allows you to control playback features conveniently, but also adjust treble and bass setting, select audio modes, or change the input option with ease

MEANT TO BE HEARD, NOT SEEN | Minimalist and sleek, the Creative Stage V2 is the perfect complement to your glorious TV set and blends seamlessly into any room regardless of their interior design. It won't steal your attention from the screen, but it makes its presence felt loud and clear regardless. For the space-constrained, the soundbar is also wall mountable so you can easily set it up on the wall
