

Configuration:

LS-88-01 Portable ListenIR iDSP  
System (North America)

Product Overview:

Offer your clients, customers, visitors and more a complete assistive listening solution wherever it is needed with the LS-88-01 Portable ListenIR iDSP system. The setup meets all IBC and ADA requirements for small to medium-size rooms with a capacity of up to 50, and the entire system is easily transported and stored in its own carrying case. Each system includes a ListenIR Transmitter/Radiator Combo as well as receivers, ear speakers, and neck loop lanyards for multiple users, in addition to other required equipment.

From classrooms to conferences, boardrooms to jury deliberation spaces and more, the LS-88-01 gives you a complete package to begin offering on-demand assistive listening right away.

Highlights:

- Pre-configured transmitter/radiator, receivers, microphone and more for immediate assistive listening wherever it is needed
- Offers ideal coverage for small to medium venues with up to 50 seats
- Easy to set up, tear down, and transport
- Offers crystal-clear audio performance in classrooms, conferences, boardrooms and more
- Multiple receivers, neck loop/lanyards, and ear speakers are included
