

Configuration:

LS-94-01 ListenIR Advanced iDSP Level II System (North America)

Product Overview:

Perfect for courtrooms, classrooms, and other venues with up to 50 seats, the LS-94 ListenIR Advanced iDSP Level II System is a complete solution. Including our LT-84 ListenIR Transmitter/Radiator Combo, two (2) advanced LR-5200-IR receivers, and all the equipment needed to begin offering assistive listening right away, the LS-94 gives venues a convenient and cost-effective choice for high-performance audio.

The inclusion of the LA-381 Intelligent 12-Unit Charging Tray to the system makes it easy for businesses and venues to offer additional receivers as needs expand. The tray provides a convenient way to charge, store, and transport receivers as needed.

The LS-94 offers outstanding coverage and unmatched clarity, giving your customers or clients a reliable option for high-quality assistive audio.

Highlights:

- Advanced iDSP IR assistive listening system with our LR-5200-IR receivers included
- Pre-configured system designed for simple and immediate installation
- 12-unit charging tray makes it easy to add and store additional receivers
- Ideal for small- to mid-size venues with up to 50 seats
- Provides outstanding coverage up to 2,787 m2 (30,000 ft2)
- Designed for multi-channel applications where users need the ability to select audio source/channel themselves
