

Configuration:

LS-91-01 ListenIR iDSP Level II System (North America)

Product Overview:

The LS-91 ListenIR iDSP Level II System from Listen Technologies comes complete with everything you need to begin transmitting audio and meeting assistive listening requirements.

Ideal for small or medium-sized venues with a capacity of up to 50 seats, the LS-91 offers a convenient way to add secure assistive listening capabilities to boardrooms, courtrooms, theaters, educational spaces, and more. Each system includes one LT-84 Transmitter/Radiator combo, along with several LR-4200-IR iDSP receivers and a 12-unit charging tray. Packaged together, the LS-91 gives any business or venue a convenient way to achieve compliance with assistive listening regulations while giving your clients the highest level of audio performance.
