

Configuration:

LS-58-072-D Listen iDSP Advanced Level III
Stationary RF System (72 MHz) (Dante)

Product Overview:

Ready to install and ideal for large or growing venues, the LS-58 Advanced Level III Stationary RF System utilizes our LT-800-072 RF Transmitter, Dante compatible through the use of the LA-465 Dante adapter, and universal antenna kit to provide ample coverage. Complete with four of Listen’s LR-5200-072 iDSP multi-channel RF receivers, universal ear speakers, and more, the LS-58 is a high-performance assistive listening solution that gives your listeners outstanding, reliable sound quality.

The LS-58 includes our LA-381 Drop-in Charging/Dispensing Station, with room for charging, storing and managing up to twelve (12) receivers. The high-capacity station makes it easy to upgrade and expand your RF system as the demands of your venue grow.

Each LS-58 also includes an assistive listening notification signage kit to ensure that all visitors are aware of your assistive listening system’s availability, and the signage meets legal compliance requirements as well. Combined with the universal antenna kit, rack mounting kit, ear speakers, neck loops/lanyards, and dual RCA cable, the LS-58 is a great choice for venues with a capacity of up to 100 people.

Highlights:

- Advanced DSP SQTM noise reduction technology delivers 20 dB less noise and hiss than any other listening device
- Dante adapter enabled
- Integrated neck loop/lanyard with DSP loop driver improves the listening experience for T-coil users
- Smallest device of its kind makes it easier to wear and for venues to dispense, store and maintain
- Advanced green battery technology dramatically reduces costs of ownership and hassles while reducing the number of batteries in the landfill
- Includes drop-in charging/dispensing station for streamlined dispensing, collecting, and care of up to (12) iDSP RF listening devices
- Ensures public venues deliver an exceptional listening experience while meeting new legislative requirements for assistive listening

Includes:

- One (1) LT-800-072-01 Stationary RF Transmitter (72 MHz)
- One (1) LA-465 Dante 1 Channel Output XLR Adapter (POE required)
- One (1) LA-122 Universal Antenna Kit (72 MHz and 216 MHz)
- One (1) LA-326 Universal Rack Mounting Kit
- Four (4) LR-5200-072 Advanced Intelligent DSP RF Receiver (72 MHz)
- Four (4) LA-401 Universal Ear Speaker
- Two (2) LA-430 Intelligent Earphone/Neck Loop Lanyard
- One (1) LPT-A107-B Dual RCA to Dual RCA Cable 6.6 ft. (2 m)
- One (1) LA-381-01 Intelligent 12-Unit Charging Tray
- One (1) LA-304 Assistive Listening Notification Signage Kit
