

Configuration:

LS-58-216-D Listen iDSP Advanced Level III Stationary RF System (216 MHz) (Dante)

Product Overview:

The LS-58 Advanced Level III Stationary RF System from Listen Technologies is a ready-to-install system that is Dante compatible through the use of the LA-465 Dante adapter and is ideal for large and/or growing venues. Utilizing our LT-800-216 RF Transmitter and universal antenna kit to provide ample coverage, the LS-58 is complete with four of Listen’s LR-5200-072 iDSP multi-channel RF receivers, universal ear speakers, and more, providing an all-in-one, high-performance assistive listening solution.

The LS-58 includes our LA-381 Drop-in Charging/Dispensing Station, with room for charging, storing and managing up to twelve (12) receivers. The high-capacity station makes it easy to upgrade and expand your RF system as the demands of your venue grow.

Each LS-58 also includes an assistive listening notification signage kit to ensure that all visitors are aware of your assistive listening system’s availability, and the signage meets legal compliance requirements as well. Combined with the universal antenna kit, rack mounting kit, ear speakers, neck loops/lanyards, and dual RCA cable, the LS-58 is a great choice for venues with a capacity of up to 100 people.

Highlights:

- Feature-packed 216 MHz RF system package including LT-800-216 transmitter and four advanced, multi-channel iDSP receivers
- Dante adapter enabled
- Universal antenna kit and rack mounting kit make it easy to install and configure for virtually any permanent installation
- Includes four universal ear speakers and two integrated neck loops/lanyards
- 12-slot drop-in charging/dispensing station, compliance signage, and RCA cable also included for immediate set up

Includes:

- One (1) LT-800-216-01 Stationary RF Transmitter (216 MHz)
- One (1) LA-465 Dante 1 Channel Output XLR Adapter (POE required)
- One (1) LA-122 Universal Antenna Kit (72 MHz and 216 MHz)
- One (1) LA-326 Universal Rack Mounting Kit
- Four (4) LR-5200-216 Advanced Intelligent DSP RF Receiver (216 MHz)
- Four (4) LA-401 Universal Ear Speaker
- Two (2) LA-430 Intelligent Earphone/Neck Loop Lanyard
- One (1) LPT-A107-B Dual RCA to Dual RCA Cable 2 m (6.6 ft.)
- One (1) LA-381-01 Intelligent 12-Unit Charging Tray
- One (1) LA-304 Assistive Listening Notification Signage Kit
