Move freely, get more done

Help office workers be more productive – it's easier than you think. The Savi 7200 office series of DECT™ wireless headsets for desk phones are crowd pleasers that let workers roam far. Compatible with 800+ desk phones, they're cost effective, too.

Hands-free productivity

Everyone in the office could use more flexibility. They can roam confidently 400 ft / 120 m from the headset base with up to 12 hours of talk time. And collaboration is simple, since teams can conference up to four headsets on a single base.

Easy integration

Savi 7200 wireless headsets offer instant integration with over 800 analog and IP desk phones from industry leading makers – including a wide range of phones that Poly offers.

DECT™ Adaptive Power

Optimize range, save power, and maximize office space with the DECT™ adaptive power system. It automatically adjusts wireless signal strength based on distance from the headset base.

Featuring Roam farther

Give workers more flexibility and hands-free productivity with a roaming range of up to 120 m / 400 ft from the headset base.

12 hours talk time

Build more confidence into every call with up to 12 hours of talk time with each charge.

Training made easy

Collaboration is easier with conferencing of up to 4 headsets on one base.

Charge indicator

Provide the peace of mind that comes from knowing headsets are always fully charged with the headset docking charge indicator.

Keep conversations private

Help make every conversation clearer, with a flexible noise-canceling microphone boom that's easy to adjust for optimal placement on every call.

Desk phone compatibility

Take advantage of one-stop shopping, since these headsets are compatible with the wide range of phones that Poly offers.
