Features

RELIABLE & MAINTENANCE-FREE

Skived copper coldplate and mounting mechanism are compatible with the latest AMD and Intel processors.

Special tubing material prevents coolant evaporation for the market-proven pump to provide long-lasting maintenance-free operation, supported by a 5-year warranty.

UNIQUE A-RGB AESTHETICS

Modern gaming aesthetics and perfect fit for any PC case. Entry-level AIO that comes with addressable LEDs in the pump unit and fan blades, which can be individually controlled to create stunning light effects that fit each user's personal style.

FLUID DYNAMIC BEARING V SERIES FANS

Besides essential Addressable RGB LEDs the V12 and V14 fans use fluid dynamic bearings which have been tested to work for over 50.000 hours, further supporting Valkyrie's promise of premium build quality and long-lasting performance.

Features

BEGINNER-FRIENDLY INSTALLATION

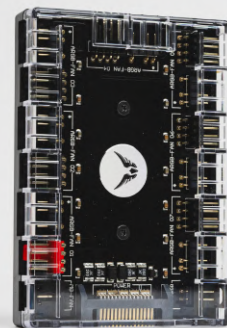

Intuitive mounting mechanism make it easy to install. It comes with installation manual in several different languages that provide step-by-step guidance for beginners and seasoned veterans.
