Look after me

1. Please read this manual carefully before use and keep it safe.
2. First time use, please fully charge.
3. Use certified adapter that has passed national safety certification.
4. Charge at least once a month to maintain performance.
5. Do not use in extremely hot or cold environments, temperature beyonds 5
℃-35℃. If used beyond the above range, the product may stop automatically
to protect the internal circuit.
6. When charging in high temperature environments, the product may
automatically stop charging to protect the battery. At this time, the charging
indicator usually flashes quickly to indicate that the charging environmental
temperature or the product internal temperature is too high.
7. Storage environment temperature: -5～35℃ RH＜70% (recommended 20℃±5).

Important safety instructions:
1. Do not disassemble or repair this speaker personally, otherwise it may cause
product damage or personal injury.
2. Do not use it in dusty, humid, dry, and high-temperature environments.
3. Do not place this product near a heat source, or a place with direct sunlight,
lots of dust, or mechanical vibration.
5. Do not exceed the IPX5 waterproof rating parameters.
7. When the product is fully charged, remove from charging.
8. The maximum ambient temperature should not exceed 40°C.

*This speaker supports mobile phones/ tablets/ PCs etc. Here this User Manual is
illustrated base on mobile phones.
