V7 30 Devices Schuko AC Charge Cart

CHGCT30-2E

SKU: CK50892

Eliminate clutter and streamline device management in your classroom with the V7 Charge Cart. This robust mobile charging station offers secure storage and simultaneous charging for up to 30 Chromebooks, laptops, or tablets with screens up to 17 inches. Effortlessly deploy it straight out of the box – pre-assembled with numbered compartments for both devices and power supplies. An intelligent charging system safely powers everything from a single plug, while flexible storage with adjustable dividers accommodates a variety of devices. Numbered slots keep things organized, and the space-saving design features a recessed push handle. Built to last from high-grade steel, the cart boasts vented doors for airflow and a 3-point lock system with the option to add a padlock for ultimate security. Perfect for classrooms, the V7 Charge Cart keeps your devices powered, organized, and ready to go!

- Sliding shelves with flexible and durable device dividers allow you to easily store and remove almost any Chromebook, laptop, or tablet
- Efficient intelligent charging system for all of your devices from one plug while protecting circuits from overloading
- Cable management in the front device section and separate rear power section easily organizes power supplies and routes cables to each device
- Both the device section and separate rear power section feature steel doors with 3-point key lock mechanism and the option to add your own padlock for extra security
- 3-point key lock mechanism with keys provided and the option to add your own padlock for extra security
- 5" high-grade wheels with brakes and direction lock, and a recessed push handle for maximum mobility
