Simple
and more
sustainable.

Designed with sustainability in mind, the KB100 EQ Wired Full Size Keyboard is a reliable, value-for-money solution ideal for large office deployments.

The plastic in this product contains 60% post-consumer recycled (PCR) content (Excludes PCB assembly and cables), KB100 features a spill-proof design. Its sealed membrane resists coffee, water and other liquids and protects the keyboard electronics from unexpected mishaps.

Supporting comfort and productivity, the keyboard is also an ideal choice for the touch typist. It offers an ISO full-size layout with responsive tactile keys for all-day comfort, together with a numeric keypad to support productivity. The wired USB-A connection provides a convenient and reliable experience.
