

25-Pack Universal Laptop Lock 6.6ft, Keyed Alike Locking Cable, Security Cable, Compatible w/Noble Wedge/Nano/K-Slot, Anti-Theft Cut-Resistant Cable

Product ID: UNIVKA25-LAPTOP-LOCK

The 25-Pack Universal Laptop Lock is a versatile solution compatible with Noble Wedge, K-Slot (T-Bar), or Nano, providing flexibility and convenience.

Adaptable Security

A unique on-the-fly lock tip mechanism allows to quickly adapt the lock tip to different security slots. Simply rotate the lock selection dial to change the shape of the lock tip to match the security slot, all without the need to carry different lock tips or use special tools. The cut-resistant steel security cable is 6.6ft (2m) long and 0.17in (4.4mm) thick, providing reach and durability.

Keyed Alike Lock

All 25 locks are keyed alike and include a set of 4 keys for streamlined security management for IT administrators working with multiple locks. This anti-theft laptop lock features a push-to-lock system that allows for quick-lock without a key. Unlock it without the need to remember combinations. The lock can withstand a pull force of 201 lb (91.2 kg) for K-slot, 217.8 lb (98.8 kg) for Nano, and 135 lb (61.2 kg) for Noble Wedge, ensuring your computer or other devices remains safe from theft.

Note: The pull force values mentioned may vary if the security slots do not comply with the design standards specified by their respective manufacturers.

Widely Compatible

The versatile bulk-pack security lock is not limited to laptops or notebooks only. Use this lock to secure other devices such as docking stations, monitors, printers, SFF computers, projectors, oscilloscopes, or other office and lab equipment, expanding its utility. The lock is future-proof as it works with previous and newer computers from various brands, including HP, Dell, Microsoft, and more. Spacers are included to protect the device from scuffing or denting the lock slot while ensuring a better fit for your device.

Full-Motion Lock Design

The diameter of the lock head is 0.4in (14.5mm) and features a ball joint design that allows for 360 rotation and 90 pivot of the lock head. This flexibility reduces coiling and minimizes strain on the notebook slot, enhancing durability and usability.

Certifications, Reports and Compatibility

Applications

Features

- **25-PACK UNIVERSAL 3-IN-1 LAPTOP LOCK:** Compatible with Noble Wedge, K-Slot (T-Bar), and Nano lock slots using an adjustable lock tip; 6.6ft (2m) and 0.17in (4.4mm) thick cut-resistant cable; Lock can withstand a pull force of up to 217lb (98kg)
- **KEYED ALIKE ANTI-THEFT LAPTOP LOCK:** All 25 locks are keyed alike and the pack includes a set of 4 zinc alloy shared keys; Lost keys can be replaced upon request, please provide proof of purchase
- **COMPATIBILITY:** Bulk-pack universal locking cable for laptop works with HP, Dell, Microsoft, and others; Notebook anti-theft lock is not brand-specific for future-proof compatibility with industry-standard security slots; Secure office and lab equipment
- **CLEVER DESIGN:** Ball joint enables 360 rotation, and the elbow joint's 90 pivot help reduce coiling and minimize strain on the slot; Protective spacers are included to prevent damage to the laptop and improve the fit; Carbon steel cut resistant cable
- **FLEXIBLE INSTALLATION:** Loop the cable through a grommet hole or around a desk leg; Ideal for tradeshow and product exhibits; Accessorize with anchor locks LTANCHOR, KSLTAD, and LTANCHORL (sold separately) to safeguard equipment that lacks a security slot
