## Viper - Corded 1D/2D Barcode Scanner (1.8 meter cord)

The Capture Viper handheld scanner is built to deliver maximum value. The Viper not only brings exceptional reading performance, but can also output data in numerous languages to cover a vast range of scanning requirements. Supported by the latest imaging technology it rapidly scans barcodes from product labels, membership cards, and electronic coupons, whether 1D or 2D. Even faded or damaged barcodes.

- Practical and user-friendly setup
- Supports multilingual data output
- Single-scan configuration with the iCode
- LED-aimer helps users aim faster and with greater accuracy
- Superior first-time read
- Omni-directional scanning
- Reads electronic barcodes from smartphone screens
- Reads most challenging and problematic barcodes
- Withstands drops from up to 1.8m onto concrete
