The DICOTA antimicrobial film fulfils a variety of functions: it protects the display from scratches, reduces annoying fingerprints, minimises bacteria and is easy to attach. The film adheres directly to the full surface of the display thanks to the use of a silicone layer. The hardened coating on the filter provides long-term protection that continuously inhibits the growth of microbes over a long period of time.

Specifications

Art.no.:	D70852
EAN:	7640239426306
Weight:	0.01 kg
Material:	PET
Warranty:	24 months
Dimension:	173.5 x 245.7 x 0.135 mm
Max. Device dimensions:	0 x 0 x 0 mm

Characteristics

- Inhibits the growth of bacteria (SGS certified)
- Touch capable
- Silicone layer on the back allows for full-surface adhesion
- A clear view at all times
- Accurate colour reproduction
- Reduces reflections and fingerprints
- High scratch resistance
- Attaches easily without forming bubbles
