

MPN: CONB85

Strain Relief Boot Cat7 cables upto 8.5mm Grey, 50pcs

The CONB85 Strain Relief Boot is designed for Cat7 cables with a diameter of up to 8.5mm, providing essential protection and cable management. This pack includes 50 grey strain relief boots, ensuring a secure and durable connection for your network cables. By preventing cable bending and strain at the connector, these boots extend the lifespan of your Cat7 cables and maintain optimal performance. MicroConnect delivers pioneering innovation in connectivity solutions, and these strain relief boots are a testament to our commitment to quality and reliability. Ideal for professional installations, these boots offer a clean and organized look, reflecting MicroConnect's dedication to European design standards and customer-focused solutions. With over 20 years of industry experience, we ensure that our accessories, like these cable boots, meet the highest standards for performance and durability.
