

User Guide

Safety Instructions

- Do not open the power supply unit as this can lead to serious injury or death.
- Do not use any force when connecting the power supply unit and lead to injuries.
- When correct connectors are used, excessive force is not needed to install them.
- Keep power supply unit in dry and clean environment. Do not connect power supply unit to wet, immediately remove the AC power plug from the wall and the power supply unit. For your own safety, it is recommended you do not use the power supply unit again after getting it wet.
- Avoid using low quality extension cables for the power supply side connectors as this can cause the cables to melt and even lead to fire.
- This power supply unit has been tested for PC usage only. We cannot guarantee operation or safety performance when used for other applications.

Installing the Power Supply Unit

- Make sure the power switch switch is turned off before installing the power supply unit.
- Secure the power supply unit behind the PC case enclosure with 3 or 4 screws for grounding and stability purpose.
- Connect the power connectors according to the motherboard, graphics card, and other device user guides that will be used in the system.
- Connect the AC power connector.
- Switch on the power switch.

Troubleshooting

- If your system does not turn on after installing the power supply, please follow the troubleshooting guide as listed below:
- Make sure the AC power cord is correctly and firmly connected on both sides.
 - Make sure the power switch is turned on.
 - Make sure the main power connector and +12V power connectors are correctly connected to the motherboard.
 - If the power supply does not function properly, please contact our customer support immediately.

Warranty

Cooler Master guarantees this device to be free of defects in material and workmanship and provide a minimum 10-year hardware limited warranty for the power supply unit on the date of purchase. Please register on our official website to activate your limited warranty. This product was designed and intended for computer usage only. Using this device for other applications will void the warranty. If you are not familiar with computer hardware installation, please seek a professional technician for assistance.

This warranty only applies to the power supply unit and does not include accessories or components connected to it.

This warranty only applies to damage caused by normal use and is void if it is determined that the device was damaged because of abuse, misuse, accident, fire, flood, lightning, voltage spike, air/water pollution, accidents, or natural disasters.

Please return the power supply unit to the manufacturer for repair or replacement, with different unit. If the power supply or other equipment is damaged due to not using the original cable, the manufacturer will not be responsible for the damage.

In the event of any defects within the warranty period, please return product to the dealer or contact our customer service team for assistance.

Please contact our customer service team for any technical or product related questions.
