Delock GigE Camera Cable RJ45 plug 45° rotated and 90° angled with screws to RJ45 plug Cat.6 S/FTP 2 m black

Description
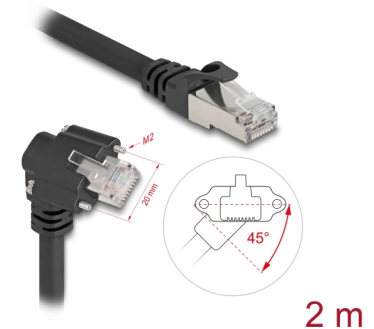

This network cable by Delock can be used to connect different networking devices, e.g. a NIC to a switch or a patch panel.

RJ45 plug with screws for vision application

The RJ45 plug is equipped with two M2 screws and is compatible with the GigE camera connection. This means the cable can be used for industrial image processing, while the screw-type connectors ensure a firm and secure connection even in the event of movement and vibration.

With angled connector

The angled plugs enable a space-saving installation in tight spaces behind appliances or in machines.
