

T8426321 Floodlight Cam E30

Title:

eufy Floodlight Cam E30 Outdoor Security Camera with Built-In Lights

About this item:

360° Surveillance

Enjoy complete 360° coverage of your property. Set the camera to patrol automatically on a schedule, or use manual control to view any angle at any time.

AI Detection with Auto-Tracking

The built-in AI technology detects and follows movement from humans, pets, and vehicles. With automatic pan and tilt, the camera ensures you never lose sight of what's important, enhancing security and providing peace of mind.

Enhanced 2K HD Clarity

Capture every detail in sharp 2K HD resolution, whether recording or streaming live. The 2,000-lumen motion-activated LED floodlights guarantee full-colour visibility even in low-light conditions.

Reliable and Stable Wi-Fi Connection

Enhanced with a Power Amplifier (PA), this device significantly boosts Wi-Fi signal strength. Experience superior wall-penetration capabilities and a 50% increase in signal range compared to standard 2.4GHz connections.

24/7 Recording

With an IP65 weatherproof rating and constant power via hardwiring, E30 provides uninterrupted, 24/7 recording in any weather. Capture full-colour footage day and night, without

missing a moment.
