CREATIVE PEBBLE PRO

Minimalist 2.0 USB-C Computer Speakers with Bluetooth® 5.3 and Customizable RGB Lighting

Now with customizable RGB lighting! The Creative Pebble Pro speakers let you pick from a wide spectrums of colors and three lighting effects via a simple plug-and-play setup.

On the audio front, it is a step up from all of its predecessors, with an overhaul in driver design and an upgrade from analog amps to a pair of integrated digital input amps, you can expect rich and powerful audio right at your desktop.

For movie buffs, our Clear Dialog and BassFlex technologies ensure easily comprehensible spoken dialogs even while the impactful bass performance pumps away with heightened immersion.

Joining the ranks of our popular Pebble Series of PC speakers. Creative Pebble Pro is here to elevate your desktop audio experience.

LIGHT UP YOUR SETUP WITH RGB

With wide selection of colors and 3 lighting effects to choose from, create a setup that fits your vibe. Creative Pebble Pro's RGB lights let you cycle through a spectrum of colors, get into groove with pulsate mode, or even keep it simple with a single-color glow. When it's time to call it a day, turn the RGB rings off easily via the RGB control button

POWERFUL AUDIO BEYOND ITS SIZE

Creative Pebble Pro incorporates a pair of all-new, powerful digital amps with built-in audio processing capable of delivering 3.5x richer and deeper bass, and a brand-new driver design that has been overhauled from the ground up to achieve more headroom for a louder, and clearer audio performance. This allows the speakers to drive a soundstage that is beyond its physique and across volume levels without skimping on audio clarity

CLEARER DIALOGS, DEEPER BASS FOR MOVIE LOVERS

Features our BassFlex technology to deliver extended low frequency response and pronounced bass, across all volume levels without muddying audio clarity. The built-in Clear Dialog audio processing has also been further improved to ensure that the enhanced vocals continue to sound clear, natural, and realistic so that spoken dialogs become easily comprehensible without having to crank up the volume

ASTOUNDING POWER, AMPLIFIED SOUND

Compact on your desk and retaining its signature 45° elevated angle to direct audio straight to your ears for an immersive listening experience, Pebble Pro comes with capabilities to fire acoustics power of up to 10W RMS and peak power of up to 20W when connected via USB-C. If you want to further amplify your audio, you can connect the Creative Pebble Pro to a 30W USB PD adapter (not included) to enjoy astounding acoustics power of up to 30W RMS and 60W peak

VAST CONNECTIVITY OPTIONS

Using a single USB cable for both power and audio, plug in the cable to your device and enjoy an audio boost right away. While connected to power via USB, you also have the option to stream wirelessly via *Bluetooth* 5.3 or connect them to other analog devices via the universally compatible 3.5 mm AUX-in port. Additionally, plug in your external mic or wired headset via the headset or microphone port to transform the speakers into a quick and easy communications tool at your convenience

Technical Specifications		
Model No	• MF1710	
Product Color	Alpine Green White	
Product Dimensions (H x W x D)	Right Satellite: 123 x 123 x 118 mm / 4.84 x 4.84 x 4.65" Left Satellite: 123 x 123 x 118 mm / 4.84 x 4.84 x 4.65"	
Product Weight	Right Satellite: 415g / 0.91 lbs Left Satellite: 365g / 0.80 lbs	
Cable Length	- Right to Left Speaker Cable: 1.8m / 5.91 ft - USB-C to USB-A Cable: 1.5m / 4.92 ft - USB-C to USB-C Cable: 1.5m / 4.92 ft - 3.5mm Stereo Cable: 1.2m / 3.94 ft	
Input Rating	USB-C:5V-2A USB-C PD: 15V-2A	
Power Output	When connected to 5V 2A USB-C port: Up to 10W RMS and 20W Peak¹ When connected to 15V 2A USB PD Adapter: Up to 30W RMS and 60W Peak²	
Drivers	2.25" Full range Speaker Driver with Passive Radiator	
Frequency Range	• 80 – 20,000Hz	
System Configuration	• 2.0 System	
Signal-to-Noise Ratio (SNR)	• ≥75 dB	
Operating Temperature	• 0-45°C	
Bluetooth version	Bluetooth 5.3	
Bluetooth Operating Frequency	• 2402–2480 MHz	
Bluetooth Profiles	A2DP (Advanced Audio Distribution Profile) ³ AVRCP (Audio / Video Remote Control Profile) HSP (Headset Profile)	
Bluetooth Audio Codec	• SBC	
Bluetooth Operating Range	Up to 10m / 33 ft (Measured in open space. Walls and structures may affect range of device)	
Maximum RF Output power	• 8 dBm	
Charging Interface	USB-C Input (Audio and Power): Up to 5V 2A USB PD Input (Power Only): Up to 30W	
Connector Type	USB Audio / USB Power (USB-C, min. 5V 2A) PD Adapter (Min. 30W) Bluetooth® 3.5 mm AUX-in Headphones / Headset Port Mic-in	
	Minimum System Requirement	
Windows	Intel® i3 or AMD® equivalent processor Intel, AMD, or 100% compatible motherboard Microsoft® Windows 10 / Windows 11 32 / 64-bit or later I GB RAM, > 600 MB of free hard disk space Available USB-C or USB-A port	
Mac	Macintosh running macOS 10.12 or later 1 G B RAM, > 600 M B of free hard disk space Available USB-C or USB-A port	
Powered via Desktop / Laptop USB Ports	We recommend connecting the speakers to higher current USB-C port (5V 2A or 10W port) for the best audio experience	
Analog Audio Devices with a 3.5 mm Stereo Output	We recommend connecting the speakers to a higher current USB power adapter of up to 5V 2A output, or USB PD adapter of at least 30W for the best audio experience
