

SmallRig

V Mount Battery Mount Plate with Adjustable Arm

Operating Instruction

SmallRig V Mount Battery Plate with Adjustable Arm 2991 utilizing a standard V mount fits most V mount batteries to provide greater battery life for your camera rig with your battery's power port(s). It comes with a dual 15mm rod clamp with an adjustable arm to help mount the plate to your 15mm LWS rod system and adjust the V mount battery's position as needed. The plate itself features multiple 1/4-20" countersinks, M3 countersinks, M4 countersinks, 1/4-20" thread holes, M4 thread holes, and an ARRI 3/8" -16 thread hole to attach a dual rod clamp, a magic arm, or other accessories. Two stoppers will prevent the battery from twisting when attached. The plate is also compatible with the Blackmagic URSA mini.

Safety Guidelines

1. Environment

Do not use the product underwater, in extreme temperatures (e.g., freezing or direct heat), corrosive environments, or excessive dust. Dry metal parts immediately after liquid contact to prevent corrosion.

2. Load Capacity

Do not exceed the maximum weight capacity indicated on the product. Overloading risks structural failure, deformation, or accidental drops.

3. Cleaning & Maintenance

Clean surfaces with a dry, soft cloth. Avoid chemicals like alcohol or solvents. Ensure dry and ventilated conditions for long-term storage.

4. Structural Integrity

Do not modify the product (e.g., drilling, cutting)—this compromises structural integrity and increases drop risks.

5. Malfunctions

Stop use immediately if you notice deformation, unusual noises, or loose components, and contact support.

In the Box

Dual 15mm Rod Clamp with Adjustable Arm × 1

Guarantee Card × 1

V Mount Battery Plate × 1

1/4-20" Screw (short) × 2

1/4-20" Screw (long) × 2

Allen Wrench × 3

M4 Screw × 4

M3 Screw × 4

Installation Guide

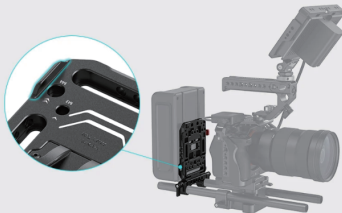

Adjustable Arm

The battery position can be changed as needed using this 15mm rod clamp with an adjustable arm

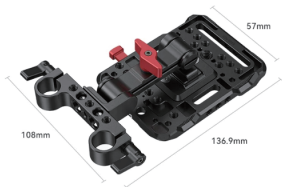

Secure Fit Ensured by Anti-Twist Design

Two stoppers prevent the battery from twisting when attached

Specifications

Parameter

Product Dimensions: 136.9 x 108 x 57mm

Package Dimensions: 143 x 100 x 55mm

Net Weight: 310g \pm 5g

Package Weight: 363g \pm 5g

Material(s): Aluminum Alloy

Compatibility

The plate fits most V mount batteries except for
PAGlink series V mount batteries and Patona
Premium Battery for BP-190WS
