

0.2m RJ-45 Cat.6A Break-Away Adapter

No.: 60189

Allows quick release of RJ-45 Cables

Description

- Easy-release adapter designed to disconnect safely upon a sudden pulling force
- Rated up to Cat.6A S/FTP, LSZH
- Integrated snagless connector for latch protection
- Gold plated pins for better conductivity and elimination of signal loss
- 10 year warranty

The Lindy RJ-45 Cat.6A Break-Away Adapter is a practical and innovative solution designed to allow quick release of RJ-45 cables. This adapter is perfect for environments where fast and frequent disconnection is a possible issue such as hospitals, office environments and schools. This ensures that your devices remain undamaged.

The Cat.6A specification supports high-speed data transmission up to 10Gbps compliant with Cat.6A specification to meet the requirements of 10 Gigabit Ethernet (10GBaseT) with an operating frequency of up to 500MHz, making it suitable for demanding network applications. The 0.2m length is ideal for short, tidy connections, reducing cable clutter while maintaining robust performance.

A robust and flexible cable allows the adapter to be used in a multitude of environments providing great flexibility in your setups, including a snagless connector ensuring quick and easy installation with no hassle.
