

HP 16 inch Widescreen Laptop Privacy Filter

Work in privacy, even in plain sight

Keep your screen private even in public spaces with this easy-to-use privacy filter. Compatible with most 16-inch widescreen laptops, it carefully restricts the viewing angle to 30 degrees¹ on either side without sacrificing viewing experience.

For your eyes only

Protect yourself against visual hacking on the go. With a limited viewing angle of 30 degrees¹ on each side, you can work peacefully knowing your data is safe from prying eyes.

Designed to fit your screen

This easy-to-use privacy filter comfortably fits most 16-inch widescreen (16:10) laptops to effectively shield your confidential data. The included adhesive stickers and slide tabs enable easy application.

Clarity meets comfort

Keep your eyes comfortable with a 30% reduction in blue light² and reduced glare when you choose the matte finish.³ Experience minimal brightness reduction while retaining clarity and vivid color with at least 70% panel transmittance.⁴

Sustainability in action

Built for a better tomorrow

The better choice for a brighter tomorrow, this thoughtfully designed privacy filter contains at least 60% post-consumer recycled materials.⁵ Plus, it comes with FSC®-certified packaging.⁶

HP 16 inch Widescreen Laptop Privacy Filter

Featuring

Fits just right

This filter fits comfortably on the screens of most 16-inch widescreen laptops.

Limits viewing angle

Maintain confidentiality with a restricted viewing angle of 30 degrees on the left and right side.¹

Reduces blue light

Keep your eyes comfortable all day with a 30% reduction in blue light (HEV).²

Maintains screen quality

Enjoy a clear viewing experience and minimal brightness reduction with at least 70% panel transmittance.⁴

Easy to apply

Comes with everything you need to quickly apply the privacy filter, including adhesive stickers and slide tabs.

3-year limited warranty

Experience HP quality and reliability. For added peace of mind, this privacy filter comes with a 3-year limited warranty.

Footnotes

Messaging Footnotes

- ¹ Visibility limited from either side up to 30 degrees. Individual results may vary.
- ² Supplier tested for blue light reduction. Blue light is high-energy visible light (HEV). Individual results may vary.
- ³ Glare reduction only applicable with the matte side facing out. For glossy screens, it is recommended to use the glossy side facing out. Using matte side may decrease stylus lifespan. Individual results may vary.
- ⁴ Supplier tested for panel transmittance. Individual results may vary.
- ⁵ Applies to cloth and portable folder. Recycled materials are expressed as a percentage of the total weight of materials.
- ⁶ Forest Stewardship Council® (FSC) Certified, meaning all components of our packaging come from responsibly managed forests to provide environmental benefits.
