

SIP-T73U Datasheet

Multifunctional SIP Phone, Excellent Voice Communication

The T73U IP phone is an all-in-one business phone that enables excellent voice communications and extended functions. Equipped with Hall switch technology, the T73U provides you with a quieter office environment. The redesigned appearance of Yealink's new T73U makes the phone more fashionable, thinner, and more in line with modern aesthetic standards. The T73U supports 12 SIP account registrations and is equipped with a 2.8-inch color display, backlight, and an EXP55 expansion station. Combined with Yealink's ultra-high-definition voice technology, the T73U provides excellent audio quality and clear voice communications. When making calls, the phone responds faster and more responsively. In addition, a built-in USB port realizes the functions of a USB headset and USB recording, and you can choose freely according to your needs. The T73U adopts a TEE hardware encryption solution, providing you with a more secure storage experience. At the same time, it improves the phone's performance, bringing you more flexible interoperability and a better collaboration experience. The T7X series better builds the Yealink ecosystem and is compatible with more Yealink headsets. The phone supports configuring and upgrading headsets through LCD and supports Yealink headsets with a wearing detection function for intelligent channel switching.

Key Features and Benefits

- 2.8" 320x240 pixel display with backlight
- TEE hardware encryption solution
- Dual system function
- T7X Auto-P template unified
- Unified firmware for T7X series (T73U, T73W, T74U, T74W, T77U), T85W, and T87W
- Up to 12 SIP accounts
- PoE support
- Support WF50/BT41
- Headset, EHS support
- Supports color-screen expansion modules
- Stand with 2 adjustable angles
- Wall mountable
- Handset with hall switch

HD Audio Ultra-High-Definition Sound Quality

The sound quality of Yealink T7X series phones is higher definition and perfect, making communication easier. Yealink combines cutting-edge hardware and software with broadband technology to achieve the best acoustic performance. Its hearing aid compatible (HAC) handset helps people with hearing loss hear sounds more clearly.

High Security and Compatibility

T73U adopts the latest TLS/SSL network security technology. It is widely compatible with leading soft switch vendors, such as 3CX, Broadsoft, and Broadworks. In addition, T73U supports a dual system function, which can back

up your phone system in advance to avoid system crashes caused by upgrade failure, thus providing you with enterprise-level system protection. T73U supports the security center function, allowing users to decide whether to connect the phone to the device management platform/service and what private data is allowed to be reported.

Customizability and Scalability

T73U supports five-page page turning and up to 40 programmable buttons. In addition, T73U can be cascaded to up to 3 expansion units. 234 programmable buttons effectively save operation time and achieve efficient office work.

Easy Installation and Deployment

You can use Yealink RPS (Redirection and Provisioning Service) and Boot mechanisms, enable fast and efficient deployment. Users do not need to manually configure and upgrade the phone. They only need to power on and connect to the Internet, and the phone will be automatically deployed, saving a lot of time and cost, and achieving true "zero-touch provisioning". In addition, Yealink T7X series IP phones all use the same firmware, which greatly simplifies management and maintenance costs and facilitates management, upgrades, and maintenance.

TEE Hardware Encryption Solution

T73U uses the TEE hardware encryption solution, which can provide you with a more secure data storage experience.

Specifications

Specifica tions	Description
Audio	• HD voice: HD handset, HD speaker
Features	Hearing aid compatible (HAC) handset
	Acoustic Shield
	Smart Noise Filtering
	• Audio codec: AMR-WB (optional), G.722

	• Narrowband codec: AMR-NB (optional), PCMU (G.711μ), PCMA
	(G.711A), G.723.1, G.729, G.729A, G.729B, G.729AB, G.726, iLBC
	• DTMF: In-band, Out-of-band (RFC 2833) and SIP INFO
	• Full-duplex hands-free speakerphone with AEC
	• VAD, CNG, AEC, PLC, AJB, AGC
User	• LCD screen
Interface	• 2.8-inch 320x240 resolution screen
	Support wallpaper and screen saver
	Incoming calls and unread message indicator lights
	Intuitive user interface
	Multilingual user interface
	Caller ID display of name, number, and photo
	Supports both dark and light themes
Phone	• 12 VoIP accounts
Features	One-touch speed dial, hotline, Mute, DND
	Call hold, call forward, call waiting, call transfer
	Group listening
	• Emergency call
	• Redial, call return, auto answer
	• 5-way conferencing
	Direct IP call without SIP proxy
	Ring tone selection/import/delete
	Set date time manually or automatically
	• Dial plan, action URL/URI
	• XML Browser, XML Push
	• RTCP-XR (RFC3611)
	Custom DSS Key
	Accessibility features
Directory	• Local phonebook up to 1000 entries

	• Blocklist
	• XML/LDAP remote phonebook
	Google Contacts
	Smart dialing
	Phonebook search/import/export
	Call history: All records/dialed/received/missed/forwarded
	calls
IP-PBX	Busy Lamp Field (BLF), Bridged Line Appearance (BLA)
Features	Anonymous call, anonymous call rejection
	Message Waiting Indicator (MWI)
	Voice messages, call park
	Call pickup, intercom, multicast
	Music on hold
	Call recording, mobile office, chief assistant
	Server-based recording function
	Visual mailbox user interface
Display	• LED for call and message waiting indication
and	Account status information red and green dual color indicator
Indicator	light
	Intuitive user interface with icons and soft keys
	Multilingual user interface
	Caller ID with name and number
	• Screensaver
	Power saving
Feature	• 8 linekeys with LED keys (up to 40 dsskeys, 5 pages)
keys	• 4 touch buttons: message, headset, mute, pagination(mute/
	headset/pagination button with indicator light)
	• 4 function keys: call hold, call transfer, redial, hands-free
	• 2 volume control keys

	• 6 navigation keys
Interface	Dual-port Gigabit Ethernet
	• Wi-Fi through WF50
	• 1 x USB 2.0 interface (phone side):
	- USB flash drive
	- Connecting a USB headset
	- Connecting to the color screen expansion station
	- Wireless Headset Adapter EHS40
	- 1 x Security keyhole
	• 1 x RJ9 (4P4C) handset interface
	• 1 x RJ9 (4P4C) headset jack
	• 1 x 5V power port
	USB interface (compatible with 2.0):
	- Support Bluetooth headsets via BT41/BT51
	- Supports connecting Yealink Bluetooth headset BH71/BH71
	Workstation/BH71 Workstation Pro/BH72/BH76 via BT51
	- USB recording
	- USB headset
	- Expansion module EXP55, can support up to 3 color screen
	expansion module cascaded
	- Wireless Headset Adapter EHS40
	Support USB or Bluetooth connection to Yealink CP900/CP700
	and UH38, USB connection to UH34/UH36/UH37:
	- Basic functions: answer/end/mute call
	- Advanced functions: sound quality optimization/redial/call
	hold/volume adjustment two-way synchronization/multi-way
	call control
Managem	 Configuration: browser/phone/auto-provision
ent	Auto provision via FTP/TFTP/HTTP/HTTPS for mass

deployment

- Auto-provision with PnP
- Broadsoft device management
- Zero-Sp-Touch, TR-069
- Phone lock for personal privacy protection
- Reset to factory, reboot
- Package tracing export, system log
- Support Yealink Device Management Platform (YDMP/YMCS)

Network

and

Security

- IPv4/IPv6
- SIP v1 (RFC2543), v2 (RFC3261)
- Call server redundancy supported
- NAT traversal: STUN mode
- Proxy mode and peer-to-peer SIP link mode
- IP assignment: static/DHCP
- HTTP/HTTPS web server
- Time and date synchronization using SNTP
- UDP/TCP/DNS-SRV(RFC 3263)
- QoS: 802.1p/Q tagging (VLAN), Layer 3 ToS DSCP
- Support SRTP protocol
- Transport Layer Security (TLS 1.3)
- HTTPS certificate manager
- AES encryption for configuration file (AES256)
- Supported authentication mechanisms: MD5/SHA1/SHA224/ SHA256/SHA384/SHA512
- OpenVPN, IEEE802.1X, L2TP VPN
- LLDP/CDP/DHCP VLAN, ICE
- WPA2/WPA3
- Secure boot
- GARP (Generic Attribute Registration Protocol)

	TEE hardware encryption solution
Other	• Operating environment humidity: 5% - 90%
Physical	• Operating temperature: -10 to +45 ° C (+14 to 113 ° F)
Features	Storage temperature: -30 to 70°C
	• Support PoE power supply (IEEE 802.3af), class 2
	• Power adapter (optional): AC 100-240V input, DC 5V/2A output
	USB output current: 5V/500mA
	Power consumption (PSU): 1.30 W-1.48 W
	Power consumption (PoE): 1.368 W-1.832 W
	• Dimension (W*D*H*T): 209.0 mm*167.5 mm*214.8 mm*53.4
	mm
Package	Package content:
Features	- Yealink T73U IP phone
	- Handset with handset cord
	- Ethernet Cable (2m CAT5E UTP Cable)
	- Stand
	- Quick Start Guide
	- Power Adapter (Optional)
	- Wall Mount Bracket (Optional)
	• Qty/CTN: 5 PCS
	• N.W/CTN: 5.554 kg
	• G.W/CTN: 6.126 kg
	• Giftbox size: 231 mm*237 mm*102 mm
	• Carton Meas: 530 mm*243 mm*247 mm
