Lenovo Keyboard Pack for Tab P12 Pro

Quick Start Guide & Safety, Warranty Lenovo KB-Q704-1

Keyboard Pack

4 Hinge

Keyboard layouts vary from country to country. The Keyboard layout in this document is for reference only and your Keyboard may differ.

6 Kickstand

Attaching the Keyboard Pack

Make sure that the camera hole is aligned with the tablet's rear camera when attaching the Stand cover to the Tablet.

Opening and adjusting the Kickstand

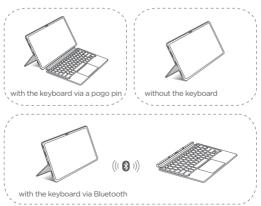

You can adjust the Tablet angle using the Stand Cover. Grasp either side of the kickstand and gently open it until you reach the desired angle.

To prevent damage, do not apply excessive pressure to the Stand Cover or force the Kickstand beyond its natural range of motion.

Using the device

You can use your device in three modes:

When using for the first time, it is recommended to connect the keyboard through pogo pins for the automatic Bluetooth pairing next time.

Store the pen

Attach the pen to the tablet and then cover the pen with the pen cover.

- Do not overtilt or apply excessive pressure to the Stand Cover, doing so may damage the hinges.
- Adjust the tablet angle by opening the Kickstand and changing the position of the tablet until the desired angle is found.
- The Tablet, Keyboard and Stand Cover all contain magnetic materials. To avoid loss of magnetism, avoid exposing the Tablet, Keyboard and Stand Cover to high temperatures or direct sunlight.
- To prevent demagnetization of credit cards and other items with magnetic data, keep them away from the Tablet, Keyboard and Stand Cover.
- Don't use your device in temperatures below 0°C or above 40°C.
 Don't store/transport your device in temperatures below -20°C or above 60°C.

Important safety and handling information

Plastic bag notice

Danger: Plastic bags can be dangerous. Keep plastic bags away from babies and children to avoid danger of suffocation.

EurAsia compliance mark

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connent the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.
