Specifications

Subscription, Ecostruxure IT Data Center Expert, 1 year, 500 nodes, Digital, Monitoring and management of Data Centers.

SWDCE1YR500N-DIGI

Overview

Presentation EcoStruxure IT Data Center Expert monitors and protects your critical equipment, providing 24/7 visibility through live data, smart alarming, and data-driven insights on the health of your connected assets. EcoStruxure IT Data Center Expert synthesizes performance and alarming data into proactive recommendations, and enables secure, wherever-you-go visibility and control.

Lead time Usually in Stock

Main

Range of product EcoStruxure IT Data Center Expert

Product or component type Subscription

Subscription period 1 year

Number of nodes 500

System requirements Minimum 25 nodes per DCE server

Subscription type Paid

Range compatibility NMC card
Vendor neutral

User language English

Complementary

Web services Customizable email notifications
Alarm notification by e-mail

Renewal conditions of service Renewal when new subscription

Type of installation Self installable

Service benefits

- Additional energy savings thanks to event management
- Available from any user and on any mobile terminal
- Avoid unnecessary travel to your facilities
- Connect your systems or assets
- Cost effective solution for energy management
- Feature enhancements
- Firmware and software update
- Keep key assets up and running
- Maintenance costs optimisation
- Manage maintenance of all sites from any location
- Maximize your efficiency
- New features
- Peace of mind
- Quick and easy to set up

Software designation EcoStruxure IT Data Center Expert software
