

TiLED® dvLED Universal Capture H-Block Kit, Pair **SKU: DVAHBKIT**

The DVAHBKIT provides a pair of TiLED Universal Capture H-Blocks, for use when additional cabinets need to be added to a video wall mount configuration. The Capture H-Blocks support the capture of both top buttons of lower cabinet and bottom pair of buttons of upper cabinet.

IMPORTANT NOTE: Additional TiLED Universal Mounting Buttons are also needed when using additional Capture H-Blocks, sold separately - see TiLED dvLED Mounting Button Kits here for more information. Be sure to select the correct Mounting Button size based on the threaded mounting holes of the specific dvLED cabinet being used.
