

i-tec Thunderbolt 4/USB4 Class Pro Cable 240W with LCD (40 Gbps, 150 cm)

PRODUCT DESCRIPTION

The i-tec Thunderbolt™ 4 / USB4 Pro Cable with LCD Display is a premium connectivity solution designed for demanding users and modern workspaces. Supporting data transfer speeds of up to 40 Gbps, display connectivity up to dual 4K/120 Hz or single 8K/60 Hz, and Power Delivery 3.1 up to 240W, it provides a single cable for high-speed data, video and power delivery.

Unlike most Thunderbolt cables that are limited to 80 cm or 100 cm, the 150 cm length offers greater flexibility and a more comfortable workspace setup. The durable braided jacket improves resistance to daily wear and frequent travel, while the integrated LCD display provides real-time monitoring of charging power, voltage and current. An ideal companion for Thunderbolt docks, professional notebooks, monitors and high-performance USB-C devices.

PRODUCT FEATURES

- Compatible with Thunderbolt™ 3/4/5, USB4 and USB-C
- Cable length: 150 cm
- Supports video output up to 2× 4K / 120 Hz or 1× 8K / 60 Hz
