

Fiber Optic Cleaning Pen, M38999 Fiber Cleaner for M38999 Connectors and Ports, 1.6mm Fiber Optic Cleaner Pen

Product ID: FOCPEN16FCSTSC

Ensure optimal performance with this practical fiber optic cleaning pen, designed for 1.6mm MIL-DTL-38999 (D38999) fiber interfaces. It provides quick, effective cleaning for reliable signal quality in critical network environments.

This Fiber Optic Cleaning Pen effectively removes dust and particles to prevent contamination that can compromise connection reliability and signal quality. Because optical fiber is highly sensitive to contamination, keeping fiber ends clean is essential for maintaining consistent performance, especially in high-bandwidth connections where even minor particles can disrupt signal integrity.

Cleaning fiber connector ends is simple with the intuitive one-click mechanism. Each press advances the cleaning belt to wipe away contaminants from the connector end face, ensuring a fresh cleaning surface with every use.

This Optical Fiber Cleaning Pen is suited for fiber optic network maintenance, server racks, and data centers. Its compact, lightweight design is ideal for technicians working with high-density fiber setups, including patch panels and transceivers.

Certifications, Reports and Compatibility

Applications

Features

- **Effective Fiber Cleaning**: Ensure optimal signal quality by removing dust and particles from 1.6mm MIL-DTL-38999 fiber connectors; Fiber optic cleaning pen is compatible with 1.6mm M38999 connectors and interfaces
- **Simple One-Click Operation**: Clean fiber ports and connectors instantly with a simple one-click design; Each press advances the cleaning belt and rotates the tip to polish the connector end face
- **Slim Design for Improved Access**: Tapered nozzle makes it easy to clean fiber ports in dense or compact environments, Attach the protective cap after each use for secure storage, keeping the cleaning belt shielded from dust and damage
- **Field Ready**: Lightweight, long-lasting cleaning pen, ready for over 900 uses; Essential tool for technicians and installation crews working with fiber optic cables in data centers and edge or on-prem installations
- **The IT Pro's Choice**: Our network tools and testers are rigorously tested in our Innovation Lab to ensure enterprise-grade reliability and seamless deployment across copper and fiber networks; Backed by free lifetime 24/5 multi-lingual assistance

Performance

Warranty	1 Year
MTBF	Over 900 uses

Environmental

Operating Temperature	-10C - 50C (14F to 122F)
Storage Temperature	-40C - 60C (-40F to 140F)
Humidity	N/A

Physical Characteristics

Color	Gray
Material	Plastic
Product Length	7.0 in [178 mm]
Product Width	0.7 in [17.6 mm]
Product Height	0.7 in [17.6 mm]
Weight of Product	0.8 oz [24 g]

Packaging Information

Package Length	1.3 in [3.2 cm]
----------------	-----------------

Package Width	9.4 in [24.0 cm]
Package Height	1.3 in [3.2 cm]
Shipping (Package) Weight	2.5 oz [70.0 g]

What's in the Box

Included in Package	1 - Fiber Optic Cleaning Pen
---------------------	------------------------------

****Product appearance and specifications are subject to change without notice.***
