Product Description

Professionals working on laptops in open offices, shared spaces or public environments face increased risk of visual data exposure, alongside screen glare and eye strain during extended work sessions. Purpose-built for the MacBook Neo 13", the 2-Way Removable Privacy Screen Filter helps safeguard sensitive information with a $\pm 30^\circ$ limited viewing angle. Its anti-reflective coating and up to 54% blue light reduction enhances viewing comfort across changing lighting conditions, while the reversible matte or glossy surface adapts to user preference. Durable, scratch-resistant, and designed for daily use, the filter delivers dependable privacy and comfort wherever work happens.

Features

- Purpose-built for MacBook Neo to support full closure, sleep mode and webcam use.
- Limits viewing angle to $\pm 30^\circ$ to help protect sensitive information from prying eyes.
- Filters up to 54% of blue light to support visual comfort.
- Reduces reflections for clearer visibility in bright environments.
- Reversible matte and glossy viewing options.
- Double-sided adhesive strips provide a secure fit.
- Scratch-resistant matte side for added durability and protection.
- Meets wipe down testing standards.
- Tested for durability.
