

Slide-Out AV Component Storage Panel, Cable Box and Accessories Mounting, 22lb (10kg) Max, Behind-TV Media Wall Mount, Sliding Design for Easy Access

Product ID: 1S-AV-WALL-MOUNT

Store cable boxes, media players, and other A/V devices neatly behind the TV to create a cleaner, more professional wall setup.

The slide-out panel makes it faster and easier to reach devices and cabling during setup, maintenance, or troubleshooting. When the work is done, simply slide it back in to maintain a tidy finished look.

Multiple mounting points help support a wider range of device sizes and shapes, and allow for different device orientations to support cleaner cable management. The slim 0.9in (2.3cm) profile also helps maximize the rear space available behind the display for taller equipment.

The durable steel panel supports up to 22lb (10kg) and includes hook-and-loop and cable ties to help keep equipment secure and organized. It can be mounted to wood-stud walls, concrete walls, or wall-mounted aluminum extrusions for added installation flexibility.

Certifications, Reports and Compatibility

Applications

- Slide-out panel makes it easy to reach devices during setup, updates, and service
- Keep AV equipment hidden behind the TV for a cleaner and more organized setup

Features

- **Hide Media Devices Behind Your TV**: Create a cleaner wall setup by storing cable boxes, media players, and other A/V components neatly behind the display, while keeping them close at hand when needed
- **Access Equipment Easily with Slide-Out Design**: Pull the storage panel out for faster access to devices and cables during setup, updates, or troubleshooting, then slide it back to maintain a cleaner look
- **Flexible Mounting Options**: Multiple mounting points help support a wider range of device sizes and shapes, while the slim 0.9-inch (2.3cm) profile maximizes the rear space available for taller equipment behind the display
- **Keep Equipment Securely in Place**: Store media devices with confidence on a durable steel panel that supports up to 22lb (10kg), and use the included roll of hook-and-loop and cable ties to keep equipment tied down and organized
- **Install on More Wall Types with Confidence**: Mount the panel to wooden stud walls, concrete walls, or wall-mounted aluminum extrusions for added flexibility across different installation environments

Hardware

Warranty	5 Years
Wallmountable	Yes
Orientation	Vertical
Mounting Options	Wall-Mount

Performance

Weight Capacity of Work Surface	353.0 oz [10000 g]
Anti-theft	No

Physical Characteristics

Color	Black
Construction Material	Steel
Product Length	12.2 in [310 mm]
Product Width	22.9 in [582 mm]
Product Height	0.9 in [23 mm]
Weight of Product	164.1 oz [4650 g]

Packaging Information

Package Length	15.9 in [40.5 cm]
----------------	-------------------

Package Width	26.1 in [66.2 cm]
Package Height	1.4 in [3.5 cm]
Shipping (Package) Weight	12.1 lb [5.5 kg]
