

MagPro™ Elite Magnetic Privacy Screen Filter for MacBook Neo 13"

Built for Privacy. Made for MacBook Neo.

K54372WW

Product Description

In classrooms, offices and other shared environments, MacBook Neo users often work with sensitive information that can be easily exposed to visual hacking, creating security and privacy concerns during everyday use. The MagPro™ Elite Magnetic Privacy Screen Filter for MacBook Neo 13" solves this concern this with a magnetic design that attaches securely without adhesives and can be removed instantly when collaboration is needed. A ±30° viewing angle protects on-screen data, while the reversible matte or glossy finish reduces glare and offers a blue light filter for comfortable extended use. Purpose-built for the MacBook Neo, MagPro™ preserves full device functionality, including full laptop closure, sleep mode and clear webcam visibility - delivering privacy without compromise.

Features

- Seamless magnetic attachment - requires no adhesives.
- Supports full laptop closure, normal sleep mode and unobstructed webcam use.
- Limits viewing angle to ±30°.
- Filters up to 54% of blue light.
- Reversible matte and glossy viewing options.
- Tested to MIL-STD-810H wipe down standards.
