

MPN: USB3.0AAF5A

# Premium Active USB 3.2 Gen 1 Extension Cable, 5m

Premium is a series of high-quality products within the MicroConnect brand, designed with premium materials, reliable performance, and a sharp modern design for professional connectivity solutions.

See the full Premium Assortment at the following link: <https://www.eetgroup.com/inspiration/microconnect-premium>

This USB 3.2 Gen 1 Active extension cable is the perfect choice when you need to extend the USB connection from for example a printer or other USB devices. Through this USB 3.2 Gen 1 Active cable has a data transfer rate up to 5 Gbit/s and due to the integrated booster you will not have any problems with transmission loss.

- SuperSpeed data transmission at up to 5 Gbit/s
- 10 times faster than USB2.0
- 5V, 900mA
- Compatible with Windows 2000, XP, Vista, 7, 8 and 10
- Compatible with Mac OS
- Max. 2 extensions can be connected for a total length of 10m
- USB 3.0 and USB 3.1 Gen 1 are now identified as USB 3.2 Gen 1, offering data transfer speeds of up to 5 Gbps.

## Specifications

|                |                                     |                                                |
|----------------|-------------------------------------|------------------------------------------------|
| Features       | Cable jacket material               | Polyvinyl chloride (PVC)                       |
|                | Cable length                        | 5 m                                            |
|                | Conductor material                  | Copper                                         |
|                | Connector 1                         | USB A                                          |
|                | Connector 1 form factor             | Straight                                       |
|                | Connector 1 gender                  | Male                                           |
|                | Connector 2                         | USB A                                          |
|                | Connector 2 form factor             | Straight                                       |
|                | Connector 2 gender                  | Female                                         |
|                | Connector contacts plating          | Nickel                                         |
|                | Maximum data transfer rate          | 5000 Mbit/s                                    |
|                | Plug and Play                       | Yes                                            |
|                | Product colour                      | Black                                          |
|                | RoHS compliance                     | Yes                                            |
|                | USB version                         | USB 3.2 Gen 1 (3.1 Gen 1)                      |
|                | Windows operating systems supported | Windows 7, Windows 8, Windows 2000, Windows 10 |
| Other features | Connector(s)                        | USB3.0 A                                       |
