STAMP VOUCHER SYSTEM

CUSTOM MADE STAMPS VOUCHER SYSTEM

Step 1

Select your stamp:

- Pre Inked
- Self-Inking
- Rubber Stamp

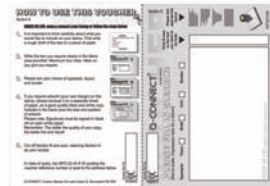

Step 2

Select your size:
See table below

Step 3

Place your order and receive a voucher

Step 4

Complete voucher online with text and graphics
www.q-connect.com/stamp
or post with required artwork

Step 5

Custom stamps dispatched within 2 days of voucher receipt

1.

Premium Pre-Inked Stamps

The stamp impression is manufactured from a special material which holds the ink and allows it to be stamped on to the paper. Up to 50,000 impressions. Date stamp is ideal for post rooms and account departments. Has a text area around a central date window. Maximum 22 characters per line.

2.

Efficient Self Inking Stamps

Self inking stamps are extremely light weight and easy to use for repetitive stamping. Up to 5,000 impressions.

3.

Traditional Rubber Stamps

The original stamping technology. Rubber stamps are economical and need a separate stamp pad. Date stamp is suitable for office use particularly grid design stamps. Has a variable date which can be easily adjusted. Maximum 35 characters per line.

HOW TO CHOOSE

Archive Storage

Efficient record management is a vital part of successful business practice. There are also legal requirements to store certain documents for defined periods of time. However it is a fact that only 5% of documents are accessed after one year, highlighting the requirement for archive storage.

Features

- Capacity - Look for an archival product which has enough capacity to meet your filing requirements.
- Compatibility - It may be useful if the various types of storage box within a range are compatible with one another so that they can be filed together. This may save "filing time!".
- Identification - Look for storage products with a large label area. Large identification labels facilitate quick contents recognition and retrieval.
- Portability - Some archived documents may need to be transported either between departments or from building to building. Make sure the product you select has carry handles for ease of transport.
- Strength - Most storage boxes are made from durable corrugated board. They can be used on shelving or stacked alone. Assess the number of units which can be safely stacked, although this will also depend on the weight of the contents being filed.

STORAGE BOX

Lift-off lid and cut-out handles.

- Easy to assemble.
- Fits 5 Q-CONNECT® magazine files or 3 Q-CONNECT® transfer cases.
- W400 x D335 x H250mm.
