

USB 3.0 (5Gbps) A-to-A Extension Cable - M/F - 6 in, Black

Product ID: USB3EXT6INBK

The USB3EXT6INBK USB 3.2 Gen 1 extension cable extends the reach of a USB 3.2 Gen 1 port on your laptop or desktop computer by 6 inches and gives you more room for connecting multiple devices.

The cable can also help to prevent damage to the USB 3.2 Gen 1 port on your computer in testing environments or other situations where the port is accessed repeatedly.

The extension allows you to connect multiple devices at once, such as flash drives, and gives you open access to ports, even when they are located closely together.

The cable can also be used as a port saver in busy environments where cables are unplugged and re-inserted frequently.

Designed and constructed for maximum durability, this high quality cable is backed by StarTech.com's Lifetime Warranty.
