This USB-C to USB-C cable lets you charge and sync your USB Type-C devices. It's also compatible with Thunderbolt 3 ports.

Connect your newer USB-C mobile devices, such as the Samsung Galaxy S8, S8+, Nexus 6P, and 5X phones, to your computer. The cable delivers up to a 3 amp charge, and supports data transfer speeds of up to 480Mbps.

With up to 3A of power output, this USB Type-C cable can also be used to power a USB-C laptop, such as your Apple MacBook or Chromebook Pixel. Simply connect your laptop to your USB-C wall charger.

Replace the cable that came with your device, or keep one as a spare while you're traveling, so that all of your devices will be ready to use whenever you need them while you're on the road.

The USB Type-C connector is smaller and easier to use than previous USB connectors. With a reversible design, you can plug it into your devices with either side facing up. Insert the cable the right way every time - no more frustration or port damage.

This USB-C cable has been certified with USB-IF (USB Implementers Forum) in order to meet all USB 2.0 specifications. This includes all environmental, electrical and mechanical standards set by USB compliance. This ensures a high-quality, reliable cable for all your USB-C devices.
