

MPN: MPK460S

RJ11-RJ45 Cable

The MicroConnect MPK460S cable provides a reliable RJ11 to RJ45 connection over a distance of 10 meters. This black cable is designed for connecting telephone equipment with RJ11 ports to devices or networks utilizing RJ45 connections. The M/M designation signifies that both ends of the cable are male connectors. Built with MicroConnect's commitment to quality, this cable ensures clear and consistent signal transmission for your communication needs. Trust MicroConnect's 20+ years of expertise to deliver a dependable solution for integrating telephone systems into modern network environments. This cable offers a seamless connection, ensuring optimal performance and longevity, reflecting our dedication to pioneering innovation in connectivity solutions at a fair price.
