

Notification	
Product Code	USB2-PREXT10M
Short Description	USB2.0, A to B, Boosted, 10mtr
Full Description	<p>The A Male to B Male Active USB2.0 Cable is a bus-powered cable that can be used to increase the length of a device cable without the worry of signal loss and potential performance problems.</p> <p>The specification for USB states that the maximum length of a USB cable is 5 metres. These cables allow you to connect your printer or other USB device at a greater distance. The cables contain active electronics which boost the USB signal for maximum reliability and performance over extended distances.</p>
Extra Information	<p>Specifications</p> <ul style="list-style-type: none"> • Connector: USB A (Male) to USB B (Male) • Compliant with USB2.0 • 10mtr • Plug-and-play, no additional drivers required • USB bus powered
