! IMPORTANT SAFETY INSTRUCTIONS

! WARNING: A WARNING alerts you to the possibility of serious injury or death if you do not follow the instructions.

! CAUTION: A CAUTION alerts you to the possibility of damage or destruction of equipment if you do not follow the corresponding instructions.

! WARNING: Failure to read, thoroughly understand, and follow all instructions can result in serious personal injury, damage to equipment, or voiding of factory warranty! It is the installer's responsibility to make sure all components are properly assembled and installed using the instructions provided.

! WARNING: Failure to provide adequate structural strength for this component can result in serious personal injury or damage to equipment! It is the installer's responsibility to make sure the structure to which this component is attached can support five times the combined weight of all equipment. Reinforce the structure as required before installing the component.

! WARNING: Exceeding the weight capacity can result in serious personal injury or damage to equipment! It is the installer's responsibility to make sure the combined weight of all components attached to the FSBV does not exceed 45 lbs (20.4 kg).

! WARNING: Use this mounting system only for its intended use as described in these instructions. Do not use attachments not recommended by the manufacturer.

! WARNING: Never operate this mounting system if it is damaged. Return the mounting system to a service center for examination and repair.

! WARNING: Do not use this product outdoors.

TOOLS REQUIRED FOR INSTALLATION

PARTS

INSTALLATION

CAUTION: IMPROPER INSTALLATION CAN LEAD TO DISPLAY FALLING! Use only hardware provided and referenced within these instructions. DO NOT substitute!

INSTALLATION FOR MOUNTS WITH LATCHING FLAGS

1. Assemble four mounting buttons (B) to interface bracket (A) using four M4 x 12mm Phillips pan head screws (F). (See Figure 1)

Figure 1

Flush Mount Display Interface Installation

1. Assemble interface bracket assembly (with mounting buttons) to display using six M4 x 12mm Phillips flat head screws (K). (See Figure 2)

Figure 2

Recessed Mount Display Interface Installation

1. Align and place six spacers (C or D) over mounting holes in display back. (See Figure 3)
2. Align and place interface bracket assembly over six spacers (C or D). (See Figure 3)
3. Secure interface assembly to display back using six M4 x 20mm (L) or six M4 x 25mm (M) Phillips flat head screws. (See Figure 3)

Figure 3

INSTALLATION FOR MOUNTS WITH CENTRIS CUP

CAUTION: IMPROPER INSTALLATION CAN LEAD TO DISPLAY FALLING! Use only hardware provided and referenced within these instructions. DO NOT substitute!

VESA 75mm x 75mm or 100mm x 100mm Mounting Pattern

If the display being mounted has a VESA compliant mounting pattern of 75mm x 75mm or 100mm x 100mm follow the installation instructions provided with the mount.

VESA 200mm x 100mm Flush Mount Display Installation

1. Place display face down on a clean dry surface.
2. Assemble interface bracket (A) to display using six M4 x 12mm Phillips flat head screws (K). (See Figure 4)
3. Proceed to **Installing to Centris Cup** section.

Figure 4

VESA 200mm x 100mm Recessed Mount Display Installation

1. Align and place six spacers (C or D) over mounting holes in display back. (See Figure 5)
2. Align and place interface bracket (A) over six spacers (C or D). (See Figure 5)
3. Secure interface assembly to display back using six M4 x 20mm (L) or six M4 x 25mm (M) Phillips flat head screws. (See Figure 5)

Figure 5

Installing to Centris Cup

1. Assemble two M4 x 20mm Phillips pan head upper mounting screws (G) into interface bracket (A). (See Figure 6)

Figure 6

2. Align two mounting screws (G) with upper teardrop mounting holes in Centris head.
3. Insert two upper mounting screws (G) into upper teardrop mounting holes in Centris head, and lower display until mounting screws are fully seated in lower area of teardrop mounting holes. (See Figure 7)

NOTE: DO NOT fully tighten mounting screws at this time.

Figure 7

4. Insert two lower mounting screws (G) into lower teardrop mounting holes in Centris head. (See Figure 8)

Figure 8

5. Fully tighten four mounting screws.

Our Mounts. **Your Vision.**
