

USB 3.1C Male to VGA Female Black

FEATURES

- Connect your USB Type-C device to any VGA display
- Small and Portable
- Support video resolution up to 1920*1080p@60Hz.
- Simple connection through reversible Type-C connector

USB Type C is the new connector for computer, peripherals and mobile devices. On new computer products the USB Type –C will replace connectors for DisplayPort, proprietary power, and the traditional USB. Finally delivering a cable that is truly universal.

Our USB 3.1C Male to VGA Female Black enables you to connect your USB Type-C device to a VGA monitor or projector. This adapter works with USB-C devices that pass a DisplayPort video signal, it is also compatible with Thunderbolt™ 3 ports.
